

Chocolate Making

All year event

The My Chocolate workshop is a new and unique experience based on everyone's favourite indulgence, chocolate! Founded by chocolate lover Hannah Saxton, it is the first company dedicated exclusively to chocolate making workshops.

During the workshop you will have the opportunity to sample, learn about and create your very own handmade chocolate. As the company is committed to providing the ultimate chocolate experience, only chocolate of the highest quality is used.

My Chocolate Workshop

If you've never tasted hand-made chocolate created from the freshest ingredients before, the first and foremost you can expect that the My Chocolate workshop will be a revelation to your taste-buds!

Over the course of the workshop, which lasts approximately two and a half hours you will learn about the origins of chocolate and the process from bean to bar as well as learn how to make fudge, praline and truffles. You will have the opportunity to cut, dip and decorate your own chocolates under a skilled chocolatier's guidance. But best of all, you will return home with a ribbon-tied box of chocolates, as well as detailed recipes to make at your leisure.

If you enjoy your wine as much as your chocolate you can have a lesson on dessert wine, port and chocolate pairing. You will have the chance to sample different chocolates, wines and ports and learn how best to pair them. A great way to impress friends and colleagues!
